

**Say Hello!**  
**To the Cattlemen's Days**  
**Tough Enough To Wear Pink**  
**Patient Transportation Truck!**

**We are So Excited to Provide This**  
**2016 Ram 1500 Truck as**  
**Transportation to Our Local Breast Cancer Patients**  
**For Their Appointments Around the State.**  
**They will Arrive Safely and Comfortably.**

**Cattlemen's Days Tough Enough To Wear Pink** is doing everything we can to create the best small town breast cancer hospital in the country!!

**We are making great strides** with Dr. Timothy and Gunnison Valley Health..... but until we can provide all of the needed services in Gunnison County.....the reality is that many of our patients need to travel to other places to get the care they need.

**Many of these patients** do not have a vehicle , or one that is reliable, or they share one with the whole family and need it to get to work and school. Our rural community is 200 miles from Denver where many people are having to make multiple trips to get their medical care. Others are driving 65 miles daily to Montrose for radiation treatments. These are not an easy drives going over dangerous mountain passes.

**Thanks to the Incredible Generosity of This Community...This Truck is Here to Help Relieve Some of the Stress, to Help Make Things a Little Easier for our TOUGH PINK PATIENTS!**

**Want Your Logo on This Truck?**
